# Famiglia BIANCHI STATE

*Famiglia Bianchi Malbec 2012 was awarded the prize to the world's best red wine in 2014 providing us the possibility of emphasizing the distinctive features of the vineyards owned by the Family. Among them, the commitment of agricultural engineers and wine experts to attain a perfect balance between the old world and the new world gave, birth to Famiglia Bianchi State.*

## BIANCHI SPARKLING WINERY

The Sparkling winery was opened in San Rafael in 1995, inspired by Don Enzo and “Tincho”, after their trips along the French wineries. The unparalleled conditions of San Rafael - with its desert soils and its intense temperatures in winter and summer – renders the ideal climate for the cultivation of vines such as Pinot Noir and Chardonnay, that later become excellent wines with a very special aroma, colour and structure.

Bianchi Sparkling Winery is one of the major producers of sparkling wine in South America, a true exponent of the new world. Its products are manufactured with the Champenoise method, together with French advisers.

Located in San Rafael, Mendoza, a privileged place of soils with abundant virtues, where the Bianchi family has left an indelible mark.

A pioneer in the development of Sparkling wines in the region and a champion of iconic wines of Argentine wine-making.

This winery represents the classics of the Argentine wine-making industry. In line with the family legacy, the winery is still innovating and creating the best alternatives to enjoy the best wines.
